BAY ST. LOUIS, MISS., THURSDAY, JANUARY 11, 1951

SUBSCRIPTION PRICE, \$2.00

## SJA CARNIVAL BALL PLANS SHAPING UP

Bay St. Louis is beginning to look forward with interest to the Annual Carnival Ball at St. Joseph's Academy, which will be held this year on Friday, February 2 as previously announced.

The SJA gym, where the ball is held, will have extra bleachers this year to provide greater seating capacity for the large crowd which always attends the ball.

Committees are busy with plans for the gala event and state that this year's ball which will be "different", will surpass in beauty and grandeur anything seen so far. Among the busiest of the groups is the decorating committee headed by Mrs. Gertrude Sauter, chairman, with Mrs. Nelwyn DuCombe as assistant chairman.

Sister Francis will handle the tableaux which will be presented by children before the entrance of the court.

Mrs. Dottie Bartram and the home economics class are making some of the costumes for the tableaux and are working hard on these at the present time.

Much excitement is always centered around the carnival ball which is the most important social event of the year and which, because of the secrecy in the selection of the king and queen, holds the interest of the town until the night of the ball when the identity of the ruling monarchs becomes known.

Proceeds are used to defray expenses of SJA during the year and because of this the Club decided to hold the ball in spite of the fact that a great many purely social functions have been discontinued.

## MEMBER OF LOYOLA FACULTY ADDRESSES ROTARY CLUB

Dr. Raymond P. Wittie who is on the faculty of Loyola University was speaker of the day at the weekly Rotary Club luncheon held at the Reed Hotel at noon Wednesday.

Dr. Wittie who spoke here last year chose as his topic "Communism" with particular reference to its birth and the dangers involved in the spread of Communist doctrines and activities throughout the Democratic nations.

Visiting Rotarians were J. E. Bond, Piquem, Lawrence, Lowry, Ripley, Ernest Blattmann, New Orleans; C. E. Holcomb, Gulfport; Chas. DeMott, Pass Christian, and Eldredge Helwick, Pass Christian.

Rotarian Carl Smith had as his guests Mr. Yankee Baranovich and Mr. J. H. Tibbler of Biloxi. Mr. L. R. Kline was the guest of Ernest Blattmann.

Other guests were Mrs. Ben Hill, Mr. George Stevenson, Mrs. T. J. Treutel, and Miss Mary Edwards.

## EDWARD M. HEATH SUCCUMBS TO HEART AILMENT; AGED 73

Edward Marlborough Heath of 505 North Second Street, Bay St. Louis, and 2214 Nashville Avenue, New Orleans, died Wednesday, January 10 at King's Daughters' hospital following a heart attack suffered Sunday night.

Mr. Heath who was in his 73rd year had been a resident of Bay St. Louis for the past three years as was the son of the late Isabella Marlborough and Frederick Eugene Heath of Minden, La. He was prominent in Louisiana legal circles.

Mr. Heath was a former attorney general of Louisiana during the Earl K. Long administration in 1939 and attorney for the state tax collector under Henry Fuqua for the state insurance commission, and editor and publisher of the Ruston Daily Leader.

Survivors are his widow, the former Winifred Keife, one son, Edward M. Heath, Jr., of New Orleans and two daughters, Mrs. R. O'Donnell of Alexandria, Va., and Mrs. John D. Daley of Los Angeles, Cal.

Funeral services were held at 11 a.m. Friday from Fahey's with Mass. Officiating, Pallbearers were Cyril Glover, Raymond Kidd, W. J. Kidd, and Ogden Kergoan of Bay St. Louis; W. J. McDonald of Pass Christian and Frederick Miller of New Orleans.

Following services here the body was taken to the McMahon-Coburn funeral home in New Orleans with requiem High Mass to be celebrated Friday at 11 a.m. at the Church of the Holy Name of Jesus. Interment will be at Metairie Cemetery.

## ALTAR GUILD IS ORGANIZED

The Christ Church Episcopal Altar Guild was organized on January 4 at the Episcopal Parish House on Carroll Ave.

Newly elected officers are: The Rev. Charles Johnson, president; Mrs. Paula Jenks, 1st vice-president; Mrs. Horace Williams, 2nd vice-president; Mrs. William Watts, secretary, and Mrs. J. R. Rollins, treasurer.

It was agreed that the Guild would meet on the first Wednesday of each month at the Parish House.

## Major Price Killed in Korean Action; Reported Here by Fellow Officer

Although official notification has not been received from the Government, Mrs. Helene Gwynne Price, who is residing here with her parents at 1114 1/2 Street, has been informed that her husband, Major Frederick Christian Price, Jr., was killed in action in Korea.

A fellow officer and friend, who saw Major Price killed called upon Mrs. Price and gave her the news of the death.

Major Price who was a platoon operations engineer of an engineer combat battalion with the Second Division had been serving in Korea since last summer. In October he was wounded in battle at Nakdong River and was taken to a hospital in Japan. He was reported missing in action on Nov. 30.

A resident of Columbia, Miss., he served for three years in the engineer corps of the Army in India during World War II.

## BAY HIGH P-TA HAS FIRST 1951 MEETING TUES.

The regular meeting of the Bay Central P-TA was held in the home ec. kitchen, Tuesday night at 7:30.

Mrs. Mauffray, president, called the meeting to order and Mrs. Nelson led in an opening prayer.

Miss Hilda Bearden gave a very comprehensive talk on a general health program and its importance both to the individual and to the community.

Mr. Bennie Nobles outlined the program of health at Bay High School. He said that Bay High School had a very comprehensive health program which was carried out with excellent co-operation from both teachers and employees concerned.

Mrs. Mauffray reported that there were 8 baskets of food distributed at Christmas time.

Mrs. Horton, chairman of the Carnival reported that the plans for the carnival were progressing nicely. There was a spirited discussion concerning the points in judging of the floats for prizes and it was decided to publish those qualities on which the floats would be judged as soon as the judging committee could compile a list.

Individuals who are able to do so were urged to enter floats for the school children so more children would have the opportunity to ride. These do not have to be elaborately decorated.

Questionnaires concerning the program of curriculum and instruction in the Mississippi schools were distributed and the members were asked to fill these out and return to Mrs. Mauffray. These questionnaires were sent out by the Mississippi Citizens' Council on Education.

This council was organized for the purpose of seeking to improve education for Mississippi children and youth. They are using this method to obtain the opinion of the people as to what needs to be done. It is urged that the parents express their interest in the future of the educational program by filling these out and returning them promptly.

The Ninth Grade won the attendance prize with a count of 12.

There being no further business, the meeting was adjourned and refreshments served.

## MRS. ELIZABETH PATE DIES AFTER LINGERING ILLNESS; 73 YEARS OLD

Mrs. Elizabeth Mary Pate of 606 North Beach died on Friday, January 5 at Kings Daughters' Hospital after a lingering illness. She was in her 73rd year.

Mrs. Pate, who was a native of Montevideo, Uruguay, was the daughter of the late William Saunders and Mary Saunders of Montevideo. She had been a resident of Bay St. Louis for many years coming here from New Orleans.

An accomplished musician, Mrs. Pate was a concert pianist and had the honor of being the only woman improviser in her native land. At one time she taught Spanish in the Bay High School and until shortly before her death accepted pupils for private lessons in both piano and Spanish.

She was a past president of the Pro-Peller Club in New Orleans and of the Gulf Coast Chapter of the National Council of Catholic Women. She was first department Chapeau of the original unit of the 40 and 8 in the American Legion in New Orleans and traveled about the state organizing salons for several years. When the local unit of the American Legion Auxiliary was reorganized here she took an active part in this and participated in Auxiliary events until her illness confined her to her home.

During her residence in Bay St. Louis, Mrs. Pate gave freely of her time and money to further the civic, cultural and charitable activities of the community and during the last year was an active member of the Red Cross. As late as Christmas, 1950, she assisted in obtaining gifts for the Christmas Gift Shop at the VA Hospital in Gulfport.

Mrs. Pate's remains were sent to New Orleans Saturday by Fahey Funeral Home and are at the Schoen Funeral Parlor. Religious services will be held at 2:30 Thursday from Holy Cross Catholic Church on Esplanade Ave., New Orleans, La., following which the body will be shipped to Montevideo, Uruguay for burial.

## PRESBYTERIAN HOME MISSION GROUP TO HOLD MEETING

The Presbyterian Home Mission Group of Bay St. Louis will hold their first annual service on Sunday, Jan. 14, 1951 at 4 p.m. at 636 North Beach Boulevard with Rev. L. A. Beckman, Jr., minister, assisted by Dr. J. N. Brown, pastor of the First Presbyterian Church in Gulfport.

At this time the Sacrament of the Lord's Supper will be observed. Anyone interested is cordially invited to meet with us.

## RED CROSS NOTES

A special called meeting of the Board of the Hancock County Chapter American Red Cross was held at the Court House Thursday at 5 p.m. for the purpose of discussing the fund campaign for 1951, and appointing a fund chairman for the coming year. Mrs. Alice Noel, General Field Representative in this area, conducted the discussion. This meeting takes the place of the regular quarterly meeting.

## Kent Sellier and Patsy Ruth Fave to Reign Over Bay High Carnival

## Board Meeting Of League of Women Voters Held

At the board meeting of the League of Women Voters held last Thursday at the home of Mrs. Louis Maumus on South Beach plans were made for the general meeting on Friday night, January 12.

At this time members will be asked to think about suggestions for next year's agenda in regard to an interesting and constructive program for 1951.

The nominating committee will be asked to draw up a slate of officers for the coming year and the constitution and by-laws will be read to the members for correction and amendment.

Special feature of the general meeting which will be held at the teen-age center at 8 p.m., will be a talk on Korea by Mrs. H. C. Crane, of Gulfport, who will also show a group of paintings.

Mrs. Crane's talk is being sponsored by the United Nations Study group, of the League and should prove very interesting in view of the present conditions in Korea.

Board members who were present in addition to Mrs. Maumus were Mrs. Ernest Samuel, president; Mrs. Sam Whitfield, Mrs. W. W. James, Mrs. C. C. McDonald, Mrs. Paul Gaudet, Mrs. Elizabeth Crasto, Mrs. Eric Kirkpatrick and Mrs. J. B. Goldman.

## ANNUAL EPISCOPAL GUILD DINNER

The annual dinner of the senior guild of Christ Church Episcopal for members of the congregation, their wives and husbands will be held on Thursday, January 18 at 7:30 p.m.

All members of the congregation are invited to be present.

The committee in charge of refreshments is composed of Mrs. Antoinette Trautour, Mrs. N. L. Carter, Mrs. E. N. Spence, Mrs. H. A. Eldredge, Mrs. Walter Gex, Mrs. M. A. Gilmore, Mrs. J. R. Rollins, Mrs. Harold Weston, Mrs. George Lehleiner, Mrs. L. T. Boyd, Mrs. Sarah Power and Mrs. Eric Kirkpatrick.

The night guild which Mrs. Don McCulloch is president will handle the table decorations and arrangements and the serving of the dinner.

## FEDERAL FUNDS REVOKED FOR THE BAY AIRPORT PROJECT

Federal funds amounting to \$8,475 previously earmarked for the construction of a municipal airport for Bay St. Louis have been revoked by the Department of Commerce, Civil Aeronautics Administration, Mayor Warren Carver was informed last week. In explaining the reason for the revocation, Mr. W. M. Robertson, Regional Administrator of the CAA stated: "The appropriation for the construction of airports under the Federal Aid Airport Program has been cut by fifteen million dollars for the fiscal year 1951. Consequently, it becomes necessary that all outstanding tentative allocations which are not under grant agreement be revoked so that the funds can be used for projects that are contributing to the mobilization of the national economy and which will contribute to national defense."

## FUNDS NEARLY TWO YEARS OLD

In March, 1949, Mayor Carver applied for—and on May, 1949—Bay St. Louis was granted a tentative fund allocation of \$8,475.00. Although numerous attempts were made by the mayor to obtain sufficient matching funds from the City and County on a joint project no action was ever taken. Because of this fact, a 60-acre site just outside the City limits and carrying full approval of CAA representatives was taken off the market and, therefore, lost as a possible location to the City and County as an airport. It was pointed out that an airport would have cost the City and County only about \$1,500.

## Major Price Killed in Korean Action; Reported Here by Fellow Officer

Although official notification has not been received from the Government, Mrs. Helene Gwynne Price, who is residing here with her parents at 1114 1/2 Street, has been informed that her husband, Major Frederick Christian Price, Jr., was killed in action in Korea.

A fellow officer and friend, who saw Major Price killed called upon Mrs. Price and gave her the news of the death.

Major Price who was a platoon operations engineer of an engineer combat battalion with the Second Division had been serving in Korea since last summer. In October he was wounded in battle at Nakdong River and was taken to a hospital in Japan. He was reported missing in action on Nov. 30.

A resident of Columbia, Miss., he served for three years in the engineer corps of the Army in India during World War II.

## Annual Meeting of Little Theatre Group Elect Officers For Coming Year; 10 'Oscars' to be Presented

Tuesday, January 16 at 8 p.m.

Annual meeting of members of the Bay St. Louis Little Theatre will be held at the Playhouse on Boardman.

At this time Oscars for the year will be presented to the best director of the year and to those who, in the opinion of the group, have given the best performance in the following categories: female supporting role, juvenile, female part and male bit part. The following have been added this year to the list of those who should be made for some small but excellent performances last year in the theatre.

Those who are expected to attend the annual officers for the coming year are: Mrs. J. B. Goldman, Mrs. J. R. Rollins, Mrs. Paul Tourne, and Mr. Paul Tourne, who are serving as chairman.

## HELP FIGHT POLIO

The March of Dimes, started by the late President Franklin D. Roosevelt, many years ago, to fight the dread disease of Infantile Paralysis, begins again for the year 1951, on Monday, January 15th, and every one is asked to do his part in this fight. Your dimes or dollars may help restore the health of some future president of the United States or some future great scientist, who may eventually find a cure for this dreadful malady.

The number of infantile paralysis cases in the older age groups is rising in the United States. Approximately 15 per cent of the total diagnosed some years ago were over 15 years of age. Today about 25 per cent are over 15. The age group most generally affected still is in the 5-to-9 year bracket, but older patients tend to be more seriously affected. Bulbar or respiratory cases make up 10 per cent of the total number, and of these, half are apt to be 19 years of age or older.

The 1951 March of Dimes gives everyone a chance to strike back at infantile paralysis. Dimes and dollars given to the March of Dimes will help the National Foundation for Infantile Paralysis carry on the fight.

"The conquest of polio will be worth all our efforts and all the money we can intelligently put into it," said Hancock County March of Dimes Director, Mrs. Mae Tudury. "Let us all do our best to raise more money than ever before. The need has never been so urgent."

## WORTH MANY MILLIONS

The Ford Foundation is generally credited with being the largest of the special funds set up by wealthy Americans to serve the public interests in ways that appealed to those who provided the money.

Nobody knows exactly how much money is behind the Ford Foundation which is said to own almost ninety per cent of the non-voting stock of the Ford Motor Company. Nobody outside of the inner circle knows the value of the stock but some experts suggest that it is closer to a billion dollars than the \$238,000,000 book value.

Mr. F. Emerson Andrews, of the Russell Sage Foundation, estimates that there are about one thousand foundations operating in this country, with assets that, at book value, total close to two billion dollars. He estimates that grants for educational, scientific and other welfare projects exceed \$100,000,000 a year.

Next to the Ford Foundation, the Carnegie Corporation is considered the wealthiest. It has assets that approach \$200,000,000 and other Carnegie trusts add another \$100,000,000 to this total. The Rockefeller Foundation, another giant, has assets of a market value of \$226,000,000 but has expended \$125,000,000 of its principal since being established in 1913. In addition it has given away \$314,000,000 of income.

There are other rather large foundations, although accurate estimates of their assets are not available. The Hugh Roy Cullen Foundation, set up three years ago, holds oil lands in Texas said to be worth more than \$150,000,000. The Duke Endowment is credited with more than \$135,000,000; the Hershey Foundation has about \$100 million.

## ART EXHIBIT IN OCEAN SPRINGS JAN. 31-FEB. 1-2

Of interest to lovers of art is the announcement by the Association of American University Women that there will be an exhibit of Walter Anderson's work in Ocean Springs on Jan. 31, Feb. 1-2.

The Planters Club of Ocean Springs is sponsoring the exhibit as a cultural activity to pay tribute to a Southern

artist and more particularly to one whose work is local to the Gulf Coast. Although the Shearwater Pottery, for which Mr. Anderson has done many of the designs, is well known the exhibit will afford the public opportunity of familiarizing themselves with his line drawings, water colors and wood carvings.

The exhibit will be held at the Ocean Springs Community House on the above dates from 2 until 9 p.m. There will be no admission charge.

## STENNIS ASSIGNED SEN. DESK OF JEFF DAVIS

Washington—Sen. John C. Stennis of Mississippi has been assigned the desk in the Senate chamber, that once was occupied by Jefferson Davis, the president of the Confederacy.

Senate sergeant-at-arms Joseph Duke assigned the desk to the Mississippian when the desk was vacated by Sen. Millard E. Tydings of Maryland, who lost his seat in November to Republican Sen. John Marshall Butler. Duke said Sen. Stennis was entitled to the desk under the Senate manual, which perpetuates so-called "lines of succession" for senators representing the various states.

The late John Sharp Williams and Pat Harrison of Mississippi previously occupied the desk. Jefferson Davis, while standing at this desk, made his farewell address to the Senate, before the War Between the States.

The desk still bears the scars of a bayonet jab from a Yankee soldier. James Preston, assistant Senate secretary, said the story is that the scar was inflicted by a Yankee private, who was quartered in the capital at the time of the war. Preston said the soldier pierced the desk with his bayonet when informed that it had been vacated by Davis. In subsequent years the desk was repaired.

Sen. Stennis said he regards the desk as a Mississippi shrine.

## AMOUNT OF FUNDS FOR HOSPITALS IN STATE UNKNOWN

Washington—Senator Stennis (D-Miss) said that Mississippi's hospital building program will benefit under a \$100,000,000 increase in federal hospital appropriations which he sponsored. Stennis said he does not know just how much of the additional money his state will get but plans to confer with Public Health Service officials in the near future.

Last year Congress appropriated \$150,000,000 as the federal share of the cost of hospitals and public health centers, built in the various states in the fiscal year ending June 30. However, under the defense economy order of Congress, the president cut this in half.

Chiefly at Stennis' request, the Senate restored the \$75,000,000 through an amendment to the emergency defense appropriations bill. The House refused to go along on the entire amount but passed Stennis' plan to the extent of \$10,000,000.

Stennis said that under the \$75,000,000 cut about 15 proposed hospitals in Mississippi would be delayed. The \$10,000,000 addition, he said, means that some of them may proceed this year.

Mississippi also is interested in the program because it is starting a new teaching hospital for the state medical university at Jackson. The hospital is to cost \$4,500,000, of which the federal share would be \$1,000,000. Hinds county already has voted \$1,500,000 to start the hospital.

## Appreciates American Heritage, Returns Check Found in Korean Ditch

Dayton, O.—A bank check mailed in a Dayton, O. box in Korea "found" its way back to the U.S. in which it was found, an \$14.54 for which it was cashed.

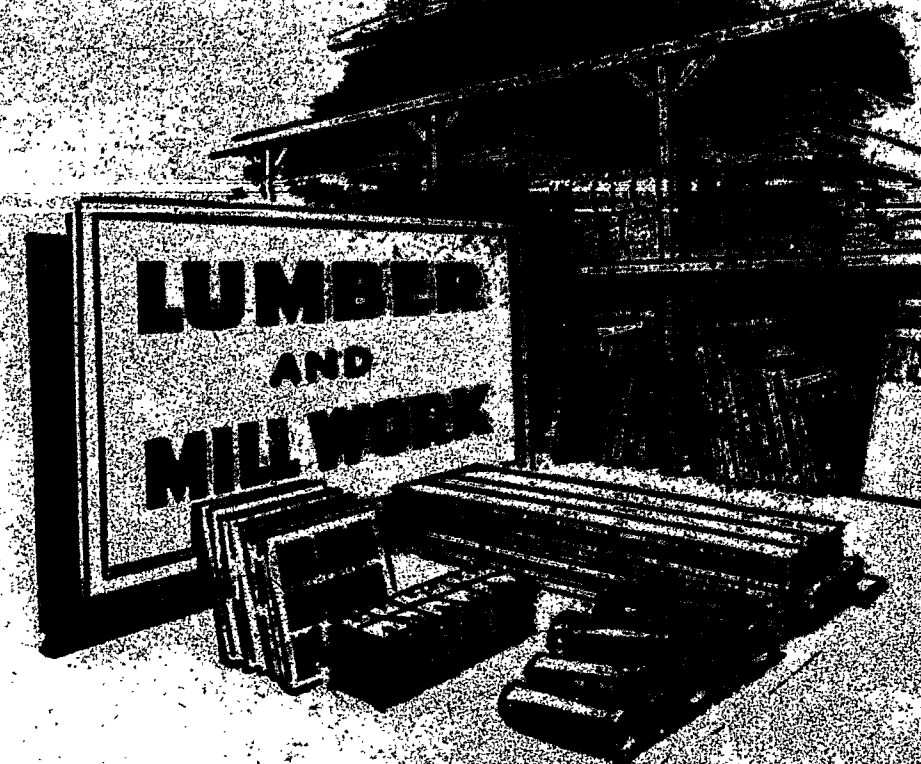

The check was sent to 2nd Lt. William J. Hatch, Jr., at his request, because he had been told that while captured at nearby Wonsan, he had found it.

Mr. Hatch, who is now in Korea, found the check in a ditch while the Americans were fighting back to the city of Wonsan. He turned it over to the U.S. military authorities, who then mailed it back to the U.S. for Hatch to cash.

## ENEMY IS THE "GOOD SAMARITAN" TO TWO U. S. CHAPLAINS, PFC.

Wonju, Korea—The Biblical story of the Good Samaritan came true for two American chaplains who stayed 45 miles beyond United Nations lines. Capt. John E. Gannon, Tacoma, Wash., and Capt. James Carol took a wrong turn through the UN front. "Our unit was short of maps and someone misdirected us," Gannon said. The frosty mountainside apparently was thinly held by the Reds at that time.

The chaplains and an enlisted man

I just checked 'em an hour ago!

It would seem a little bit ridiculous to have the air in your automobile tires checked several times a day. In the natural gas business, though, pressures are reported hourly on thousands of miles of pipe lines. Our employees work around the clock to maintain the pressures required to assure dependable supplies of natural gas to some 400 communities and over 2,000 industries in the Gulf Coast. Many of these industries are producing the material which will help to safeguard our own and other free nations. We believe it is our No. 1 job to keep them supplied with fuel, so the end that a lasting peace may be won for the world.

Miss Jackie Schwander who has been ill in a New Orleans hospital with pneumonia has completely recovered and is at home again with her parents, Mr. and Mrs. Jack Schwander. Miss Mary Margaret Turcotte went to New Orleans Sat. to be with the Schwanders. On Thursday Mrs. Walter Turcotte, Mr. and Mrs. Sidney Bourgeois and daughter, Aggie, drove to New Orleans. Mrs. Turcotte remained for a longer visit, when the Bourgeois returned.

Mr. and Mrs. Edward Carrio spent the week end with Mr. and Mrs. Roger Bordages.

Mrs. Ernest Bourgeois is up and around again after being shut in with a spell of sickness.

Mr. Anthony Colotta is building a new home on Waveland Avenue.

Two Waveland families are grateful for encouraging war news which they received from their sons this week. Young Billy Zimmermann, son of Mr. and Mrs. Harold Zimmermann, who has been in Seoul, Korea, has written that he is on his way to Japan and will phone his parents from there. Leroy Bourgeois, son of Mr. and Mrs. Alfred Bourgeois, writes that he will always remember Christmas Day 1950. It was on this day that he was evacuated from Hanhnu, Korea.

Mrs. W. F. Kingmill of New Orleans visited Captain and Mrs. C. M.

Mr. and Mrs. Frank LaRocca spent the week end with Mrs. LaRocca's parents, Mr. and Mrs. W. T. Seldin, on Scott Avenue.

Miss Jacquelyn Whitney, of Logtown, has been appointed to the teaching staff of the Waveland Grammar School. Miss Whitney will fill the vacancy left by Miss Margaret Zimmermann, Fifth Grade teacher.

Mr. Wesley Bourgeois and Mr. and Mrs. Forrest Lador are guests this week of Mr. and Mrs. Alfred Bourgeois on Waveland Ave.

Mr. and Mrs. Guy Drew and daughter, Lynette, and Mr. and Mrs. Alfred Bourgeois visited Mr. and Mrs. Morris Bourgeois in New Orleans Sunday.

Mr. and Mrs. Van Landingham of

Mr. and Mrs. Toot King, who have recently purchased the Schiffman home on Jeff Davis Ave. will soon become permanent residents of Waveland. Mr. and Mrs. Schiffman and family have returned to New Orleans and will be missed by their many friends in Waveland.

The Waveland School journeyed to Lakeland Monday afternoon to play a boys' and girls' basketball game in the Lakeland gym. Both Waveland teams bowed to Lakeland, the boys, by a score of 19-9 and the girls lost 18-8.

Memorial services were a part of the last meeting held at the Legion Home by the Ladies Auxiliary. Mrs. Sidney Bourgeois of Waveland conducted the meeting. A candlelight ceremony and prayers offered by the chaplain were dedicated to the late Mrs. M. A. Phillips and Mrs. Louis Pate.

**DEFENSE MEASURE**  
Washington—A \$20 billion defense spending bill was passed by Congress and sent to President Truman this week.

It raised in around \$4,000,000,000 the total 1951 defense bill. It provided in this fiscal year for the quickened building of armed strength. Still more billions are to come in the new Congress session.

Senate approval completed action on the \$20,000,000,000 bill. It passed the House earlier.

The measure carried \$17,000,000,000 for the Army, Navy, Air Force and Marines; \$1,065,000,000 for the rapidly expanding atomic energy program, and \$1,834,911,000 for the stockpiling of copper, rubber, zinc, nickel and other critical materials.

The new 82nd Congress, comes into being amid an acrid controversy over the nation's foreign policy—a controversy already resounding with charges and countercharges of "isolationist" and "internationalist."

The dispute is expected to become intensified in both new houses. Repub-

Professors' meetings, are noted by cash returns to those who prefer them.

Gov. Leakey's collection of \$22,187 as part of the \$50,000 collected in Oct. The day in all seven states was attributed to the fact that the 30 days in November, is over with 31 in October.

## ACTIVITIES....

INTEREST IS SHOWN IN BROWN IRON ORE FOUND IN MISS.

The Interior Dept. believes brown iron ore may be produced profitably in Mississippi, and suggests further investigation. Robert A. Lawrence, Regional Geologist for the U.S. Geological Survey at Knoxville, Tenn., investigated and reported that some deposits could be mined profitably by using modern large-scale earth moving machinery. The department said no accurate estimates of reserves can be made on the basis of present information.

### MISSISSIPPI FILM RELEASE DATE SET

The "Miracle of Mississippi," a motion picture film about the State is expected to be completed and ready for showing sometime early this year. The film, which will be distributed to theaters throughout the nation, was made possible by individual and community contributions.

### PRIMARY ROADS PLANNED FOR 1951

A total of 400 miles of new highway construction on the primary system of Mississippi, embracing some 75 projects, is anticipated for the calendar year 1951. The State Highway Department revealed that there is a total of \$7,114,746.00 available for construction through federal aid funds allocated to Mississippi. This will be matched with State funds.

Mississippi's highway department is

## PEGGY ANN... SUN. & MON., 14-15

Combining the colorful pageantry of Pasadena's world-famous New Year's Day Rose Parade with a host of Hollywood's belly-dancers, Universal-International's Technicolor "Peggy Ann" will open Sun. & Mon. 14-15.

Theatricals, among the best of the light comedies of the year. With the present trend in Hollywood pointing toward semi-documentary film fare, it is puzzling why the moviemakers haven't pointed their cameras at the Pasadena Tournament of Roses before this. The great flower-covered floats, bands and horsemen, plus the climactic Rose Bowl football game, which are fitted into the story of "Peggy Ann," become topnotch entertainers under the skilled hand of Director Fredrick de Cordova.

Luscious Diana Lynn, in the title role, gives a piquant performance, as the contestant for Rose Queen honors who doesn't want to win. Monocled Charles Coburn again proves why he is one of Hollywood's greatest assets in the comedy role of the frustrated father. Charlotte Greenwood scores again and again with her role as the domineering next-door neighbor who won't take "No" for an answer. Barbara Lawrence, who portrays Diana Lynn's sister, exudes vivacity as the girl who eventually becomes Rose Queen. And in the male romantic division, "Peggy Ann" fires a double-barreled direct hit with Rock Hudson, as the Ohio State football star, and Charles Drake, cast as a Pasadena junior executive, winning the share of laurels from the all-star accompanying cast.

On-the-spot filming of "Peggy Ann" pays off remarkably well as the Technicolor cameras are directed at such famous Southern California landmarks as the Pasadena railroad station, Mt. Wilson observatory, Pasadena City College campus, the University of Southern California and—of course—the route of the New Year's Day Rose Parade and the jam-packed Rose Bowl.

"Peggy Ann," based on an original screenplay by George W. George and George F. Slavin, was produced by Ralph Dietrich.

### STATE BUSINESS TOOK INCREASE IN NOV.

State College, Miss.—Mississippi business during November, 1950, was 15 per cent above November, 1949, the Mississippi Business Review of the business research station at Mississippi State College reported.

The Review reported the following increases in November, 1950, compared with the same month a year earlier: Bank debits, 35 per cent; money order and postal note sales four per cent; telephone receipts, eight per cent; electric connections seven per cent; gas connections 19 per cent; life insurance sales one per cent; registration licenses issued, five per cent; and sales tax collections, eight per cent.

November, 1950, was a better business month than November, 1949, in 15 of the 16 trade areas. The Corinth area reported a decrease of less than one per cent.

The increases by districts were: Biloxi-Gulfport 18.8 per cent; Clarksdale 40.5; Columbus eight; Greenville, 32.7; Greenwood, 32.6; Hattiesburg, 11.9; Jackson, 14.6; Laurel, 12; McComb, 14.66; Memphis, 21.7; Meridian, 13.9; Natchez, 9.7; Pascagoula, 12.2; Tupelo, 15.2; and Vicksburg, 5.4 per cent.

The business research station's index moved upward 17 points from November 1, when it was 325 per cent of the 1939-40 average to November 30 when it was 342 per cent. December began with this index 43 points above its level of a year ago. The greatest upward pressure was exerted by bank debits.

Hard work may not kill anybody but it can make you very tired.

now constructing roads on a "pay-as-you-go" basis, thus saving the heavy interest payments.

### TUNG CROP IS CUT BY FROST, BUT OIL CONTENTS HIGHER

Mississippi's 1950 crop of tung oil nuts, now being shipped to crushing plants, is less than the 1949 crop, according to the Tung World. The official magazine for the industry says this year's crop was cut by two damaging frosts last spring. The publication says that the oil content in this year's crop of nuts is considerable higher, however, and that close to 13,000,000 pounds of oil is expected to be produced.

## Lumberacks Look...

Hundreds of thousands of American wood workers look ahead with confidence to steady and profitable employment, thanks to movements like Keep America Green and the American Tree Farm System. These programs, aimed at ample timber production for today and tomorrow, encourage forest management and fire prevention. These loggers are felling a big ponderosa pine.

When a 100-year-old cedar tree in Collier, Mississippi, was cut, it was estimated to be worth \$50,000. The tree was cut by a logger in the area.

The logger who cut the tree was a member of the American Tree Farm System. The tree was cut in the area of the American Tree Farm System.

## BANK CREDIT IS A GREAT BUSINESS ASSET

The time is long past when wise business men operated entirely on a cash basis. Inventories need to be replenished when prices are low, sales expansion cannot be financed out of current receipts alone. At such times it is of great value to have established credit at a sound bank. We welcome new accounts and hope you will discuss your financing program with us.

# ONE DAY

Above: Taking part in the program celebrating Rural Telephone Day at Carthage were, left to right: Frank Row: L. B. Stawson, Rural Development Supervisor Southern Bell Telephone and Telegraph Company; Mayor E. L. Moss; Lena; R. T. Hobson, County Agent; Back Row: T. E. Harris, District Manager Southern Bell; Rev. Wm. C. Ferguson, Pastor Methodist Church and President Carthage Rotary Club; W. H. Kessler, Division Staff Assistant Southern Bell; Mayor Mac Dawson of Walnut Grove; Carlton Frenzy, Central Mississippi Power Co.; J. S. Cooper, District Manager Southern Bell; M. T. Wooten, Representative Leake County; R. A. Jordan, Lena's Club; Marvin C. Henley, State Senator Leake and Neshoba Counties; Mayor Fred L. McMillan of Carthage; Carlton P. Russell, Master of Ceremonies.

## New Dial Switching Units At Lena And Walnut Grove Aid In 600 Telephone Increase

CARTHAGE, MISS. — Citizens from all over Leake County and adjoining Madison, Winston, Scott counties gathered here for the ceremony which marked the inauguration of service over one of the state's most complete and modern networks of rural telephones.

The occasion was made possible by the completion of modern dial switching units at Walnut Grove and Lena as part of the Carthage exchange. The celebration was sponsored by the Rotary and Lions clubs of Carthage.

T. E. Harris, Mississippi Manager for Southern Bell Telephone and Telegraph Company, said the new system is indicative of the

stepped up rural program of the company which now has over 100 such projects under construction. He said since 1946, the company has spent \$7,500,000 in Mississippi for rural telephone service.

"The 18 rural telephones we had connected to the Carthage exchange at the end of World War II," stated Mr. Harris, "has now grown to 650. Among the communities served by the network fanning out from here are Edinburg, Sunrise, Fresno, Free Trade, Madden, Standing Pine, Estes Mill, Walnut Grove, Tuscola, Lena, Good Hope, Rosebud, Ludlow, Gip, Saint Ann, Damascus and Hays.

"In addition to the hundreds of poles we installed," Mr. Harris

continued, "we utilized a large number of poles of the Central Mississippi Electric Power Association under a joint-use rental agreement."

Shown above is the portion of the ceremony marking the opening of service in which the mayors of the three affected cities joined. The first long distance call was placed by R. T. Hobson, Leake County Agent to Mr. J. G. Bradbury, operating Vice-President of Southern Bell in Atlanta, Ga. Chairman Homer Castel of the Public Service Commission—unable to attend because of a severe cold—addressed the crowd from his Canton home by means of a telephone and public address system hook-up.

Carlton P. Russell, Carthage business-man, was Master of Ceremonies for the program on which Senator Marvin Henley of Philadelphia and Representative M. T. Wooten of Leake County, appeared.

# STUDENTS CALLED INTO SERVICE

## Commission Takes Action in Mail Poll

JACKSON, Miss.—Approval by the Mississippi State Board of Education of regulations allowing specified credits to Mississippi high school students called into the armed forces was announced recently.

J. E. Aldridge, superintendent of the State schools and commission chairman, said the action was taken in a mail poll of the commission.

The regulations provide:

Full credit shall be given for work completed during the school session of 1950-51. This will approve the granting of a one-half unit of credit on each course upon the completion of the first semester's work.

High school students drafted into the armed forces during the school session of 1950-51 shall be allowed two units of credit for basic military training provided they were regularly enrolled students at the time they were drafted and were making passing marks on a majority of the subjects they were taking.

Aldridge said, "No changes have been made in present standards governing credits that may be earned by correspondence and through service schools while members of the armed forces."

These regulations apply only to draftees, guardsmen and reservists called to service and not to volunteers, Aldridge said.

## HIGHWAY PATROLMEN CALLED TO SERVICE

Col. T. B. Birdsong, Commissioner of Public Safety, stated today, "We in the Highway Patrol already are losing a number of men to the Armed Forces. About two months ago we lost two Patrolmen, namely, Patrolman B. W. House, who was stationed at Gulfport; (House was in the Naval Reserves) and Patrolman Joe McGovern, who was stationed at Belzoni; (McGovern was an Air Corps Reservist)."

Says Birdsong further, "We are losing ten more men who are in the 31st Division or National Guard, namely: Chief Drivers License Examiner W. H. Sutherland of Canton; Drivers License Examiner G. W. Crisler of Raymond; Patrolman C. T. Sutherland, stationed at Utica; T. R. Phillips stationed at Gulfport; H. E. Jones, stationed at

## Drafting of 18-Year Olds Will Be Asked

Washington.—The Defense Department plans to ask Congress to let it draft 18-year-olds and tighten deferment and exemption for currently draft eligible men from 19 through 25.

Polk Larkin, the Defense Department's general counsel, told reporters of the plan. He said a manpower bill would be submitted to Congress within two weeks designed to meet additional needs for men for the armed services.

Larkin said the plan is to extend the present 21-month service period of draftees to 27 or 30 months. He added, however, that this term was not final and might be changed before the manpower bill reaches Congress.

About 1,200,000 boys will reach 18 during the next fiscal year beginning July 1 and about 800,000 of these could be expected to meet physical requirements for military service, Larkin estimated.

He said the defense department's manpower proposals do not envisage the drafting of any women.

Larkin said the defense department is working out its own proposed manpower law and that undoubtedly selective service and other agencies will submit their own ideas to Congress.

The defense department proposal, he said, would permit 17-year-olds to enlist with parents' permission; 18-year-olds would be automatically eligible for the draft as soon as they had completed high school. He added that those who reached 19 and were still in high school would "probably have to be yanked out."

Larkin said 18-year-old draftees would not be sent overseas until after they had completed their full basic military training.

Collins; H. D. Holloway, stationed at Waynesboro; Radio Operators H. H. Waycaster, Meridian; Robert Little, Meridian and G. C. Dickson, Gulfport."

"All these men have been granted Military Leave from the Patrol. We still have a number of our personnel who are in reserves of the various branches of the Armed Forces who will probably be called to active duty in the near future. Furthermore, a large number of our men are in the draft age whom we will lose," says Birdsong.

#### HOUND CAUSES GUN TO WOUND HUNTER

Atlanta—An excited rabbit hound was blamed for shooting his master and barking up the wrong stump.  
Carl Tuggle of Buford, Ga., was hospitalized with gunshot wounds in the abdomen.  
Tuggle told doctors the dog, trained for rabbits, had cornered his quarry in a stump.  
The hunter said he leaned his gun against a tree, as he bent to take a look in the stump, the gambling dog knocked it over and caused it to discharge.  
Before he was hit, Tuggle said, he got a good look at the game. It was an opossum.

#### Tax Revision at State, Local Level, Industrialists Plea

Mississippi Manufacturers Answer Queries  
Jackson, Miss.—Mississippi manufacturers believe tax revisions, on the city, county, state and national levels, are of primary concern to manufacturing expansion in the state.  
That was the answer given by 30 per cent of 500 leading manufacturers to a questionnaire issued by the Mississippi Economic Council, the group said.  
"If Mississippi industry is to live in a social, economic and political climate favorable to expansion and profitable operation and maintain a competitive position in the market for its products, what things need to be done?"  
While most called for a direct tax revision, others replied that a "study of the tax structure, leading to a revision" would serve the needs of industry.  
Twenty per cent of the replies to the question listed "labor-management relations" as the most important thing that must be accomplished to chart the future of industry in the state.  
Governmental reform was listed by 9 per cent of the manufacturers and 8 per cent said "utilization and advertising of the state's products" was the primary need.  
Here are some of the other needs cited by the manufacturers: Research and further utilization of the state's resources and man power; study of workmen's compensation act; repeal of prohibition; greater development of investment banking; revision of freight rates; conservation of natural resources; a better public school program; expanded financial program; adequate municipal finance; and revision of unemployment compensation act.  
"We wish to thank all the manufacturers who took the time to answer the questionnaire and make suggestions," W. E. Taylor, Louisville, chairman of the committee, said. "We received enough replies to indicate some of the major problems the manufacturers would like to see the council take action on, and our committee will use them in carrying out its work."  
**MRS. BACKMAN TO MOVE TO NEW ORLEANS**  
Friends of Mrs. Marguerite Backman will regret to learn that she has moved from her home on Burnett Street to New Orleans where she will make her home with her son Mark Solomon who is associated with the Prudential Life Insurance Co. there.  
Mrs. Backman and Mr. Solomon have taken an apartment at 2508 Columbus Street where they will reside after January 11.  
In leaving Bay St. Louis, Mrs. Backman leaves a large part of the estate of the late Mrs. Gray. Mrs. Backman is the Bay St. Louis Little Theatre, organist in which she has been an active worker for the past few years.  
You vote in your power, use it wisely. — Be sure you are registered properly. Pay your poll tax in January.  
Americans: Anybody who disagrees with another is to the other, a silly misapprehension.
